

# Laundry Tag

## Custom designed for garment and fabrics use

Laundry tags are specially encapsulated tokens designed for Laundry industries. They are heat and chemical resistant which can withstand harsh environment.

The Laundry Tag can better keep track of garments items in the textile rental and dry cleaning.

### Features

#### Robust Plastic Enclosure

- Heat, pressure and chemical resistant for harsh environments
  - Can be washed with the textiles
  - UV resistant, will not deteriorate in sun
- Shock and torsion resistant, can withstand knocks and bumps

#### Standards Compliant

- Can work with Mifare or ICode standard readers

### Specifications
